Availability Status

Status shows your availability to others. Your status shows available upon login to Jabber. There are four statuses: green *Available*, yellow *Away or Busy*, Red *Do Not Disturb*, grey Offline.

Your status will automatically change to *On a call* when making a call.

To Set You status manually:

 Select the circle on the main menu with your initials or photos then, select your status from the options.

	Availai	ble		~
	Away	ble t Disturb		~
	Away			~

To Set a Customized status:

- 1. Tap Add Custom Status option on My Status Tab.
- 2. Type you desired status in the space provided and hit *Save*.

Contacts

The *Contacts* tab of your jabber gives you the option to save people you interact with frequently. To add a contact to you list:

- 1. Open the Contacts Tab on the bottom of the screen and tap Search Icon + .
- Type the name, username or email address of the person you wish to add to your contact list.

3. After finding the contact, Select their name and group you wish to add them to. To add them to your favorites list toggle the Add to Favorites switch. Then tap Done.

The New School Jabber Dialing

Internal Dialing:

Any TNS 4 digit extension

External Dialing:

9 +1 + area codes + 7 Digit # Ex: 9 + 1 + 212 + 229 + 5150

9 + Intl Prefix + Intl Code + Area Code +Local # Ex: 9 + 011 + 33 + 1 + 7621 + 7640

Making a Call

To Initiate a Phone Call, do one of the following:

- 1. Tap the Call *keypad* to dial manually.
- Tap the Contact icon 2, select a contact from your existing contacts you wish to dial, then click the Call SIcon.
- 3. Tap the Contact icon 2, tap the Search and Call window, manually enter the number then tap the green Call Icon.

NOTE: Dialing 911 from Jabber is not recommended. To dial 911 use the native dialer on the cell phone or a land line phone.
