Contacts

The contacts allows you to see presence status of your contacts. To add a contact to you contact list, follow the steps below:

- Enter the name of the contact in the Search and Call Bar at the top of the Jabber App. The predictive search will present you with possible matches as you type. When you locate the correct contact, right click on their name and choose Add contact.
- To add a person outside of your organization, select *File* in the top menu bar, then *New* > *Custom* Contact. A pop up window will appear where you may enter the contacts information.

The New School Jabber Dialing

Internal Dialing: Any TNS 4 digit extension

External Dialing:

9+1 + area codes + any number outside of TNS

NOTE: 911 calling from jabber is not recommended. Please use the dialer native to your mobile device or landline when making a 911 call.

Making a Call

To Initiate a Phone Call, do one of the following:

- Float your cursor over the name of a contact in your contact list, then press the green Call S button that appears to the right. Click on the telephone number to place the call.
- 2. Right-click the name of a contact in your contact list, then select that contact you wish to dial
- 3. Enter the name of a contact in your search and dial bar, then either highlight the contact and press the Call Button, or rightclick the contact and select the appropriate phone number to dial.
- 4. Enter a phone number in the search and dial bar, press enter on your keyboard
